

THE 3-IN-1 SYSTEM
THAT REDEFINES THE RULES OF FACIAL TREATMENTS

Aqua3
TECH LINE

**WE BELIEVE
EVERY WOMAN DESERVES
MORE THAN SIMPLE
FACIAL AESTHETIC TREATMENTS.**

AQUA3
is a **3-in-1** technology
that combines the extraordinary detergent
properties of **water-based peel containing
sequential acids** with microdermabrasion
and the **transdermal delivery** of cosmetic
ingredients.

**This is an extremely effective
system that raises the bar
for any facial treatment,**
taking the effective properties of
active substances to a new level.

This is why we have created
**an extremely effective method that raises the bar
for any facial treatment,**
taking the effective properties of active substances
to a new level.

**IT CLEANSSES
YOUR FACE DEEPLY**
thanks to the water-based peel

**IT REMOVES
DEAD SKIN CELLS**
to obtain a more effective exfoliation

**IT REBALANCES SEBUM AND
MAKES COMEDONES DISAPPEAR**
with the power of vacuum

**IT MOISTURISES
YOUR SKIN DEEPLY**
thanks to the infuser handpiece

**IT RESTRUCTURES
YOUR TISSUES**
with transdermal delivery

**DIAMOND
MICRODERMABRASION**
it is effective on thickened skins,
acne scars, deep wrinkles
or stretch marks.

AQUA3 HANDPIECES

A new hydrodermabrasion treatment that combines in one technology **cleansing, moisturising and rejuvenation.**

INFUSER/ASPIRATING HANDPIECE

The water-based peel containing sequential acids **allows you to deep cleanse your face and obtain a long-lasting moisturising effect.**

MESOPORATION HANDPIECE

Through the transdermal delivery of active substances, **this handpiece makes any treatment extremely effective** and allows you to restructure your skin from within.

DIAMOND-GRAIN HANDPIECE

The properties of diamond grains **allow exfoliating and renovating any type of skin,** including thickened skins, skins with deep wrinkles, acne scars or stretch marks.

NEW 

HOW AQUA3 WORKS

Cleansing your skin only with cleansing milk and tonic is not enough to prepare it for treatment.

The outermost stratum corneum, which thickens over the years, makes the skin less bright and soft and creates a barrier that prevents active substances to penetrate.

1 WATER-BASED PEEL WITH SEQUENTIAL ACIDS

The aspirating handpiece, together with a water jet to which **Mandelic Acid** and **Salicylic Acid** have been added, removes superficial impurities even from thickened skins by aspirating dead skin cells, blackheads and whiteheads thanks to the powerful effect of vacuum.

2 DEEP MOISTURISATION WITH HYALURONIC ACID

By using the infuser handpiece with low-molecular-weight **Hyaluronic Acid**, your skin is deeply moisturised and appears as glowing and smooth as never before.

3 RESTRUCTURING AND OXYGENATING YOUR TISSUES

By making the most out of the transdermic delivery of the mesoporative handpiece, your skin is restructured by the **Hyaluronic Acid** and Dermakléb serums.

DIAMOND-GRAIN HANDPIECE

The diamond-grain handpiece is a new device to treat the most critical areas, like the T-zone, in a selective and delicate manner, while at the same time reducing the appearance of scars and stretch marks by penetrating deep.

9 different heads, various levels of abrasive power, for an extra-exfoliating effect and amazing results.

LIGHT ACTION

for small scars, fine lines, the area around the eyes, the nose and the lips, small dischromic patches

MEDIUM ACTION

for spots and medium-large dischromic areas, deep wrinkles, and blackheads

STRONG ACTION

for acne, stretch marks, scars, knees, elbows and thickened areas of your body

THE PROPERTIES OF DIAMOND TO RENOVATE EVERY TYPE OF SKIN

An ordinary water-based peel is not enough to treat largely thickened skins. With its unique diamond-grain handpiece, AQUA3 allows treating the most problematic skins by performing a controlled, non-invasive microdermabrasion that can remove the outermost stratum corneum, thus improving skin texture and restoring skin elasticity.

ALSO
FOR YOUR BODY

AQUA3TREATMENT

In order to obtain the **best results**, we have created a **special protocol**, that redefines the rules of facial treatments by providing a holistic effect.

SKIN CLEANSING

Once make-up has been removed with the most suitable Dermakléb, a water-based peel containing sequential acids is performed. The intensity of the peel can be adjusted and it is customisable according to the type of skin to be treated.

STEP 1

A beauty therapist sweeps the aspirating handpiece over your face. Thanks to a pleasant water jet to which **Mandelic Acid** has been added, it removes superficial impurities in a delicate but firm manner.

STEP 2

The following step is a water-based peel containing **Salicylic Acid** to perform a deeper peel on thickened skins.

STEP 3

The appropriate **Dermakléb Peel** is applied on your face for 5 minutes. Once removed, all the dead skin cells are aspirated.

MOISTURISATION

STEP 4

Your skin gets deeply moisturised thanks to the infuser handpiece containing low-molecular-weight **Hyaluronic Acid**.

RESTRUCTURING

STEP 5

A thin layer of Dermakléb serum is applied on your skin with the mesoporation handpiece.

OXYGENATING

STEP 6

The Dermakléb active oxygen **OxyPlus mask** is applied on your face, neck and décolletage. In a matter of seconds, it will turn into a soft, creamy mousse, which after 2-3 minutes can be rubbed all over you face before being removed.

THE TREATMENT MUST BE REPEATED EVERY WEEK FOR 4 WEEKS.
THE MAINTENANCE TREATMENT REQUIRES 1 SESSION A MONTH.

Depending on the type of skin and degree of skin aging, some of the steps may be skipped.

PROFESSIONAL PRODUCTS

The exfoliation performed with unique diamond-grain heads and the application and delivery of multi-functional serums, which penetrate deep thanks to the infuser handpiece, allow you to get **incredible results right from the first session.**

The deeply rejuvenating treatment is complemented by the OxyPlus mask: **a real regenerating “bath”** that, thanks to the thousands of active oxygen bubbles, **gives your skin a flawless, healthy and glowing look .**

The image portraying the foam created by the active oxygen mask is for illustrative purposes only. The product tone and consistency may vary.

MANDELIC ACID

Mandelic Acid-based solution for an extra-delicate peel.

30 ml flask

SALICYLIC ACID

Salicylic Acid-based solution for a gentle, yet intense peel at the same time.

30 ml flask

HYALURONIC ACID

Hyaluronic Acid-based solution low-molecular-weight to obtain deep, long-lasting moisturisation.

30 ml flask

ACTIVE OXYGEN OXYPLUS MASK

It gives your skin an “oxygen bath” that **eliminates toxins and moisturises deeply**, a real regenerating treatment repair treatment. Thousands of bubbles created inside the liposome core act as magnets and attract oxygen. Once they are activated by a gentle massage, they create a soft mousse, rich in **active substances that can boost oxygenation and cell metabolism**, thus reinvigorating worn-out and tired skin, by nourishing it deeply.

100 ml airless flask

All the acids must be diluted with water in the appropriate 500 ml AQUA3 flask

HOME PRODUCTS

All the properties of cosmeceuticals are enshrined in just one capsule.

The **Dermakléb SkinCaps** contain a high concentration of the purest active and functional substances. By leveraging the full potential of modern dermocosmetic technology, these substances preserve the integrity of the encapsulated cosmetic until it is released.

The **Dermakléb SkinCaps** come in daily doses and are stored in special dispenser containing **28 treatments** to take with you wherever you go.

DAY HOME **28** PROGRAMME

THE FIRST INJECTION-FREE FILLER WITH DOUBLE COSMETIC ACTION FOR A SKIN RENOVATED IN JUST 28 DAYS

Thanks to the instantaneous effect of Hyaluronic Acid and Biopeptides extracted from yeast, the **Dermakléb SkinCaps reduce deep wrinkles for a long-term effect**

- 1 REDUCTION OF WRINKLES**
with immediate effect
- 2 +20% COLLAGEN***
and elastin for a firmer skin
- 3 ANTI-DARK CIRCLE ACTION**
thanks to oligopeptide microspheres
- 4 BRIGHTER SKIN**
with Hyaluronic Acid microspheres

REDUCTION OF WRINKLES THANKS TO THE IMMEDIATE EFFECT

The **hyaluronic acid microspheres** and the **Biopeptides extracted from yeast** trigger a quick moisturising process for a visible **reduction of deep wrinkles**.

Results in 1-2 hours after application

Reduction of wrinkles and fine lines	80%**
Glowing skin	80%**
Smooth skin	95%**

Results right after the first application

Reduction of dark circles	95%**
Less visible wrinkles	90%**
Reduction of eye bags	93%**

NIGHT ANTI-DARK CIRCLES ACTION

Vitamin A microspheres stimulate skin renewal, while **Chrysin** reduces livid circles. **Dark circles appear visibly reduced** in only 15 days after application.

*Average increase in the number of fibroblasts responsible for the synthesis of new collagen and elastin.

**Instrumental tests carried out on 20 subjects. Percentage referred to the number of subjects who underwent this treatment, declaring the above-mentioned benefits.

HOME PRODUCTS

The **Vegicaps patented technology**[®] of SkinCaps monodose ensures the maximum effectiveness and hygiene of the product without adding any paraben, excipient, perfume or dye.

WEEK 1:
apply 1 skincaps in the morning
and 1 at night

WEEK 2:
apply 1 skincaps a day
preferably in the morning.

WEEK 3 AND 4:
apply 1 skincaps every other day,
preferably in the morning.

DERMAKLÉB SKINCAPS DOUBLE EFFECT

ANTI-AGING, MOISTURISING, FIRMING EFFECT
A 28-day treatment with **Hyaluronic Acid and Biopeptides** extracted from yeast that helps you reduce first and second-degree wrinkles, thus triggering collagen and elastin production.
Your skin immediately looks more compact, relaxed and glowin
Dispenser containing 28 0.6 ml capsule

DAY TREATMENT

DERMAKLÉB SKINCAPS EYES LIFT

ANTI-AGING, DARK CIRCLES AND EYE BAGS
28-night treatment that effectively counteracts wrinkles around the eyes as well as dark circles and eye bags, thanks to **Vitamin A**, which boosts skin cellular renovation and **Chrysin**, a flavonoid that reduces purple complexion.
Dispenser containing 28 0.31 ml capsule

NIGHT TREATMENT

APPLY
EVERY NIGHT
FOR 28 DAYS

IN THE HANDY COUNTER DISPLAY

WITH 32 2-CAPSULE TEST KITS

HANDY, PRACTICAL, WITH AN INNOVATIVE DESIGN
This counter display has been designed to showcase the two Skincaps dispensers, with 32 2-capsule test kits in order to facilitate sales and allow customers to test how effective the product is.
Counter display 32 2-Skincaps test kits.

DERMAKLÉB SILVER MASK

ANTI-AGING WITH MEMORY EFFECT

If used before going to bed, it fights the signs of aging as it adapts to your face thanks to the **memory effect**.

The gradual release of **stabilised Vitamic C** and the mineralising properties of **Silver Dag** give firmness to the skin, which looks more glowing and homogeneous.

50 ml jar

APPLY TWICE A WEEK, BEFORE
GOING TO BED,
WITH THE HANDY BRUSH

NIGHT TREATMENT

*it refers to the number of fibroblasts producing collagen and elastin All the Dermakléb Skincaps products are compatible with the Dermakléb product line.

SKINCAPS DOUBLE EFFECT RESULTS

Patented immediate effect: results in 1-2 hours after application

Long-term effect **: results in 4 weeks after application

Reduction of deep wrinkles compared to their initial condition

*Instrumental tests carried out on 20 subjects. Percentage referred to the number of subjects who underwent this treatment, declaring the above-mentioned benefits.

**Self-assessment tests

SKINCAPS EYES LIFT RESULTS

Using the product is proven to **significantly improve the look of your skin.**

Reduction of dark circles blue and red components

*instrumental tests performed on 20 subjects
